

REQUEST FOR PROPOSAL

ADVANCED METER INFRASTRUCTURE/METER REPLACEMENT

The City of Troy (city) is soliciting Request for Proposals (RFP) from vendors who are interested and qualified to provide a turn-key installed Automated Meter Infrastructure (AMI) system. Alternate proposals for Automated Meter Reading (AMR) systems with service-oriented architecture are encouraged. Scope of work includes, but is not limited to, automated meters procurement and installation, hardware, software, hosting, integration with existing financial systems, testing, and training.

To Receive the Proposal Documents, vendors must register with the Administration Office, Michele Colligan or Heather Klueter at 667-9924 extension 1.

Proposals will be accepted until 10:00am, Wednesday December 1st, 2021, at City Hall, 116 E. Market St, Troy, Illinois, 62294.
