

## Notice of a Public Meeting

The City of Troy will hold a public hearing on Monday, April 4, 2022 at 7:00 p.m. in the Council Chambers at the Troy Municipal Building, 116 E. market St., Troy, Illinois to consider the redesign and expansion of the City's existing detention basin located between 304 and 334 Bargraves Boulevard. This project would also redirect stormwater from Buckeye Drive and Briarwood Drive into the expanded detention basin. The City has conducted preliminary engineering which shows that a redesign of this detention basin would reduce flow and erosion issues downstream.

This meeting is open to the public and is intended to gather public comment prior to applying for a Madison County Community Development Grant to fund the project. City officials will be present to present information to the public and answer questions. Persons will be encouraged to leave public comment in favor of, or against, this project at the meeting.

Jay Keeven

City Administrator
