

# ROAD CONSTRUCTION NOTICE

## Orchard Ct. Phase II

Orchard Ct. Phase II pavement reconstruction will begin May 1, 2023.

- Phase 1 of this project includes complete removal and replacement of the northbound lane, various sidewalk and driveway apron improvements.
  - During phase 1, the southbound lane will remain open. Expect some delays in the southbound lane while concrete trucks off load material.
  - Residents along phase 1 construction area will need to park on the street. You will not be able to use your driveway during construction.
  - Phase 1 is expected to take 3 weeks, weather permitting.
- Phase 2 of this project includes complete removal and replacement of the southbound lane, various sidewalk and driveway apron improvements.
  - During Phase 2, the northbound lane will remain open. Expect some delays in the northbound lane while concrete trucks off load material.
  - Residents along phase 2 construction area will need to park on the street. You will not be able to use your driveway during construction.
  - Phase 2 is expected to take 3 weeks, weather permitting.
- The total project is expected to be completed by June 12<sup>th</sup>, weather permitting.

The City of Troy appreciates your cooperation during this improvement project.

Respectfully,

Robert Hancock  
Director of Public Works
