

NOTICE BOIL ORDER

This is your notification that a Boil Order has been issued for West High, Prospect and South Washington effective today February 5, 2020. Residents will need to boil their water for no less than 5 minutes before consuming. The City of Troy Public Works is repairing a water main break.

Once the City of Troy is notified that the water has tested clear for usage, we will again bring notification to the residents that the boil order has been lifted. It is expected to take 24 – 48 hours before the boil order will be lifted.

It is recommended that residents avoid doing laundry during this time. Please accept our apology for any inconvenience this may cause your family.

If you have any questions please contact our office at 667-9924 ext. 1 or 2 between the hours of 7:00 a.m. and 4:30 p.m.

Rob Hancock/Director of Public Works
