

**TAB SHEET**  
**MINI HYDRAULIC EXCAVATOR**  
**WITH SWING BOOM**

<b>CONTRACTOR</b>	<b>BID AMOUNT</b>
Sievers Equipment (Kubota KX040-4R3 & Kubota KX040-4R3A)	\$58,700
Fabick (Cat 340E2)	\$62,900

**APPROVAL PENDING REVIEW  
OF BIDS AND AWARDING  
OF BID BY TROY CITY COUNCIL**

Public Works recommends the purchase of the Caterpillar 304E2 mini excavator with concrete breaker from Fabick for a total price of \$62,900.00

The other bid was for a Kubota KX040-4R3 mini excavator with concrete breaker from Siever's Equipment for a total price of \$58,700.00

The Kubota excavator did not meet the specifications for the following key components/operation.

- No site leveling system
  - Important for grading flow in ditches
- No lifting Eye
- No ability to reverse the bucket
  - Improves digging around or under pipes
- No ability to use the concrete breaker with our existing skid loader( no universal bracket)
- One foot less total digging depth

The total capital budget for this purchase was \$67,000, including the excavator (\$58,000) and the concrete breaker (\$9,000). These items were bid together so the breaker matches the performance of the excavator.
